## About the Program

Dear Students,

Cyberlaw touches the legal aspects of all facets of our life. During the lockdown, with online schools, colleges, training, net banking, it has become even more imperative to understand the uncertainties of cyberspace and cybercrimes. It has been predicted that between now and 2021, the number of cybercrimes worldwide will grow tremendously. During the lockdown, cybercrimes in and around Sultanpur have also been on the rise. Accordingly, for lawyers and the general population, it is important to understand what cybercrimes are, how can they be reported, and what authorities are responsible for addressing complaints of this nature. To this end, the Faculty of KNIPSS has decided to conduct an introductory series of lectures and a certificate program on cybercrime awareness. The training sessions will be conducted by Ms. Akshata Singh, who is currently working with Cyber Peace Foundation an award-winning civil society organization that works for cybersecurity and cybercrime awareness. In this training program, the students will learn basics of cybercrimes, how they can be prevented, including the following:

- What is cyberspace;
- Cybercrimes and its types;
- Provisions under the Information Technology Act and Indian Penal Code for different cybercrimes;
- How to protect children from untoward influences on the internet;
- How to report cybercrime and whom to approach;
- Different NGOs that work against cybercrime that can help and guide victims of cybercrimes.

Mrs. Nabrass Mehdi and Hon'ble Principal Dr. Radhey Shyam Singh, on behalf of the faculty of KNIPSS cordially invite you all to attend this one week training session. Students who will complete all training sessions will get a certificate from the institution.

 Please note that to attend these sessions  
It is mandatory to register with your email id by 1st September 2020.
