**About seminar**

The future of our children and the future of our nation are rightly shaped by teachers. Teachers are the most significant members of the society because teaching is the most noble profession in our society, and the status of the teachers has unfortunately fallen down. The quality of training, recruitment, deployment, service conditions and empowerment of teachers are not upto the requisite status where it should be, consequently the quality and motivation of teachers do not reach the standard where it could be. Innovation, resources for the well being of the teachers, to maintain the teaching level are urgently required, but today Teacher Education is facing many challenges to cope up with the situation.

The competition for teachers has increased manifold, the teachers are facing the challenge as well as the opportunity to teach to a real global class room but the challenge is to be the best otherwise the student may quit any time. The high regard for teachers and the high status of teaching profession need to be restored so as to inspire the best to enter the teaching profession. They need have dignity as well as professional associations which NEP 2020 also desires to establish.

Various personalities, organizations and institutes will be held out through the discussion. In this seminar distinguished speakers, policy makers, academics, educationists and delegates from various universities all over the country will be invited to shed the significance of the seminar will be placed and give new directions to the education sector.

In this national seminar an effort will be made to identify and analyze and face the present challenges in Teacher Education and how to convert them into the opportunities. This seminar will focus on the changing scenario of education in reference to NEP 2020 and how we can overcome these problems to make education more effective and useful.

**Key Themes**

- Present Educational and social perspective of Indian society.
- Status and Direction of Teacher Education in NEP 2020.

**About the Institute**

The growth of the Institute with leaps and bounds in four decades period provided the way to rise as a multi-faculty institution with Commerce, Arts, Science, Law and Education facilities of undergraduate level and by the end of decade the institution had post graduate programs in 8 subjects representing the advanced facilities. In the advent of having a full fledged faculty of Engineering and Technology in the year 1976, the month initiatives were taken by the trust and as a result of consistent efforts, it was established in 1980 as a fully financed institution by government of Uttar Pradesh which is presently being looked after by a separate management committee. As a result of the development the original name as Kanya Nehru Institute of Science and Technology has also been substituted as Kanya Nehru Institute of Professional and Social Sciences. In the year 2004 a full fledged campus on 75 acre land which falls in boundary of village (ambur) of a distance of four kilometers from the main campus, has been established under the dynamic leadership of Prof. Vinod Singh, the son and successor of the founder late Dr. S.N. Singh to cope up the demand from a large number of students in professional and technical aspects. The new campus has got five faculties viz. a college of Pharmacy, Management Studies, Education, Agriculture, Engineering and Nursing. The new campus has got advanced laboratory with central server and pollution free peaceful environment on the state highway Ayazpur-Phayaga bypass which also connects Lucknow, Sonapat, Phayaga & Ghatampur road of UP.
